Objective:

To prepare master's students in Pedagogy of National and Foreign Languages with a major in Teaching English with solid theoretical and practical preparation in the acquisition and structure of English. This online program addresses a standards-based curriculum, new teaching and assessment strategies, inclusive and multicultural approaches, Web 2.0 virtual environments, classroom management, research and educational innovation, promoting the advancement of cutting-edge knowledge in the field.

Aimed at:

Professionals with a third-level degree, preferably in the broad field of Education, and with the skills corresponding to the minimum B2 level, according to the Common European Framework of Reference (CEFR).

Degree to be awarded:

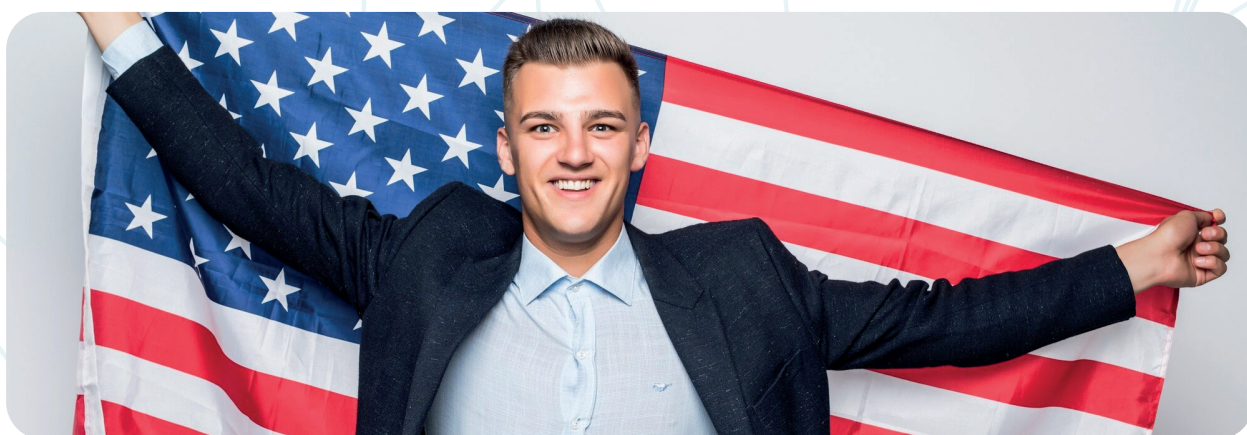

Master's Degree in Pedagogy of National and Foreign Languages with a major in English Teaching

Graduate profile:

The professional graduated from the Master's program in Pedagogy of National and Foreign Languages with a major in English Teaching will have the following competencies:

- The master's student is trained to design, plan and execute innovative English teaching programs adapted to various contexts, implementing didactic approaches that ensure meaningful learning and respond to the individual needs of students.
- With a solid methodological instruction, the master's student can carry out rigorous research in the teaching of English, providing educational solutions that optimize the processes of learning and teaching of foreign languages.
- The program develops intercultural skills essential for teaching English in diverse classrooms. The master's program fosters an environment of respect and understanding, facilitating language acquisition in multicultural and linguistically diverse contexts.
- The master's student manages the integration of digital technologies and ICT tools in the classroom, creating interactive and attractive teaching strategies that enhance the effective learning of English.
- The master's degree can design, apply and evaluate assessment instruments that accurately measure progress in learning English. Use the results to provide valuable feedback and continuously optimize teaching strategies.

Program duration:

12 months

Type of study:

Online
